# CONTENTS

## No. 1 JANUARY, 1950

GEORGE R. COWGILL. Biography of Sir Frederick Gowland Hopkins with frontispiece ..... 3

WISE BURROUGHS, NORMA A. FRANK, PAUL GERLAUGH AND R. M. BETHKE. Preliminary observations upon factors influencing cellulose digestion by rumen microorganisms ..... 9

H. H. MITCHELL AND JESSIE R. BEADLES. Biological values of six partially purified proteins for the adult albino rat. One figure ..... 25

GRACE A. GOLDSMITH, WILLIAM J. DARBY, RUTH C. STEINKAMP, ANNE STOCKELL BEAM AND ELLEN MCDEVITT. Resurvey of nutritional status in Norris Point, Newfoundland. Two figures ..... 41

A. A. WYKES, L. M. HENDERSON AND C. A. ELVEHJEM. The influence of tryptophan upon urinary nitrogen and amino acid excretion in the rat. Two figures ..... 71

CARL ALPER, BACON F. CHOW AND SHIRLEY DIBIASE. A comparison of parenterally and orally supplied protein hydrolysate for utilization of the nitrogen in long continued feeding experiments ..... 81

A. E. SCHAEFER, W. D. SALMON, D. R. STRENGTH AND D. H. COPELAND. Interrelationship of folacin, vitamin $B_{12}$ and choline. Effect of hemorrhagic kidney syndrome in the rat and on growth of the chick. Seven figures ... 95

ARNOLD D. WELCH. The relation of the structure of choline-like compounds to renal antihemorrhagic action ..... 113

G. F. SOMERS, K. C. HAMNER AND W. C. KELLY. Further studies on the relationship between illumination and the ascorbic acid content of tomato fruits. One figure ..... 133

BETTY F. STEELE, MAY S. REYNOLDS AND C. A. BAUMANN. Amino acids in the blood and urine of human subjects ingesting different amounts of the same proteins ..... 145

BARBARA KELLEY AND HARRY G. DAY. Effect of xanthophyll on the utilization of carotene and vitamin A by the rat ..... 159

L. R. RICHARDSON AND L. G. BLAYLOCK. Vitamin $B_{12}$ and amino acids as supplements to soybean oil meal and cottonseed meal for growing chicks .. 169

## No. 2 FEBRUARY, 1950

E. L. HOVE AND PHILIP L. HARRIS. Interrelation between α-tocopherol and protein metabolism. IV. The cure and prevention of stomach ulcers in rats. Three figures ..... 177

D. B. PARRISH, G. H. WISE, C. E. LATSCHAR AND J. S. HUGHES. Effect of the prepartal diet of the cow on the placental and mammary transfer of tocopherols to the calf ..... 193

MARIE ZEPPLIN, J. K. SMITH, H. T. PARSONS, P. H. PHILLIPS AND C. A. ELVEHJEM. Dental caries in the cotton rat. XI. The effect of feeding a natural diet comparable to a human diet ..... 203

HARRY SPECTOR AND F. B. ADAMSTONE. With the technical assistance of Lucile Dekker-Van Ghyl. Tryptophan deficiency in the rat induced by forced feeding of an acid hydrolyzed casein diet. Eight figures ..... 213

W. R. RUEGAMER, C. E. POLING AND H. B. LOCKHART. An evaluation of the protein qualities of six partially purified proteins ..... 231

GERALD C. ANDERSON AND ALBERT G. HOGAN. Requirement of the pig for vitamin $B_{12}$. Two figures ..... 243

MARY L. DODDS, ECHO L. PRICE AND FLORENCE L. MACLEOD. A study on the relation and adjustment of blood plasma level and urinary excretion of ascorbic acid to intake ..... 255

S. H. RUBIN, L. DREKTER, M. E. MOORE AND R. PANKOPF. Availability of panthenol and calcium pantothenate in relation to food intake. Six figures 265

B. M. KAGAN, D. A. JORDAN AND P. S. GERALD. Absorption of aqueous dispersions of vitamin A alcohol and vitamin A ester in normal children .. 275

U. D. REGISTER, U. J. LEWIS, W. R. RUEGAMER AND C. A. ELVEHJEM. Studies on the nutritional adequacy of army combat rations ..... 281

LEO FRIEDMAN AND O. L. KLINE. The relation of the amino acid-sugar reaction to the nutritive value of protein hydrolysates. One figure ..... 295

B. CONNOR JOHNSON, J. A. PINKOS AND K. A. BURKE. Pyridoxine deficiency in the calf. Three figures ..... 309

E. H. BENSLEY, A. F. FOWLER, M. V. CREAGHAN, B. A. MOORE AND E. K. MCDONALD. Plasma tocopherol in diabetes mellitus ..... 323

## No. 3 MARCH, 1950

S. C. FANG AND JOSEPH S. BUTTS. Investigation of Barcelona and Du Chilly filbert nuts. II. Isolation, nutritional evaluation and amino acid distribution of filbert globulins ..... 329

E. P. BENDITT, R. L. WOOLRIDGE, C. H. STEFFEE AND L. E. FRAZIER. Studies in amino acid utilization. IV. The minimum requirements of the indispensable amino acids for maintenance of the adult well-nourished male albino rat. One figure ..... 335

HARRY J. DEUEL, JR., SAMUEL M. GREENBERG, CLARENCE E. CALBERT, EVELYN E. SAVAGE AND TOMOKO FUKUI. The effect of fat level of the diet on general nutrition. V. The relationship of the linoleic acid requirement to optimum fat level. Four figures ..... 351

PHILIP L. HARRIS, MARY L. QUAIFE AND WILLIAM J. SWANSON. Vitamin E content of foods ..... 367

V. H. BARKI, R. A. COLLINS, C. A. ELVEHJEM AND E. B. HART. The importance of the dietary level of fats on their nutritional evaluation ..... 383

ROBERT M. TWEDT AND F. A. CAJORI. The prevention of caries in the Syrian hamster with sodium oxalate ..... 393

A. L. Neumann and B. Connor Johnson and J. B. Thiersch. Crystalline vitamin $B_{12}$ in the nutrition of the baby pig. Three figures ..... 403

A. W. Halverson and E. B. Hart. Factors affecting the stability of the vitamin A from cod liver oil in cereal feeds ..... 415

Raymond Reiser. With the technical assistance of Betty Gibson. Fatty acid changes in egg yolk of hens on a fat-free and a cottonseed oil ration ... 429

Louise F. Gray and Gordon H. Ellis. Some interrelationships of copper, molybdenum, zinc and lead in the nutrition of the rat. Three figures ... 441

W. A. Perlzweig, Fred Rosen and P. B. Pearson. With the technical assistance of Betty J. Peck and Patricia Sparks. Comparative studies in niacin metabolism. The fate of niacin in man, rat, dog, pig, rabbit, guinea pig, goat, sheep and calf ..... 453

C. C. Wang, M. I. Grossman and A. C. Ivy. Physiological properties of sodium carboxymethyl starch. Two figures ..... 471

## No. 4 APRIL, 1950

C. H. Steffee, R. W. Wissler, E. M. Humphreys, E. P. Benditt, R. W. Woolridge and P. R. Cannon. Studies in amino acid utilization. V. The determination of minimum daily essential amino acid requirements in protein-depleted adult male albino rats. One figure ..... 483

Sol Miller, Vera Ruttinger, Marjorie Macy Rutledge, Robert Frahm, Shirley Maurer, Elsie Z. Moyer, Mildred Kaucher and Icie G. Macy, and J. P. Pratt and B. M. Hamil. Human milk studies. XXVII. Essential amino acids in human colostrum and transitional milk ..... 499

S. H. Jackson, F. F. Tisdall, T. G. H. Drake and Doris Wightman. The retention of fluorine when fed as bone and as sodium fluoride. Two figures 515

Esther Da Costa and Ruth Clayton. Studies of dietary restriction and rehabilitation. I. Weight changes and food consumption in rats. Three figures ..... 537

J. Milton Bell, Harold H. Williams, J. K. Loosli and L. A. Maynard. The effect of methionine supplementation of a soybean oil meal — purified ration for growing pigs. Two figures ..... 551

Erling F. Week and Frank J. Sevigne. Vitamin A utilization studies. III. The utilization of vitamin A alcohol, vitamin A acetate and vitamin A natural esters by humans. Two figures ..... 563

Maurice E. Shils, Sarah Abramowitz and Martin Sass. Pantothenic acid deficiency and conjugation reactions in vivo. II. The effect of riboflavin and pyridoxine deficiencies on the acetylation of sulfanilamide ..... 577

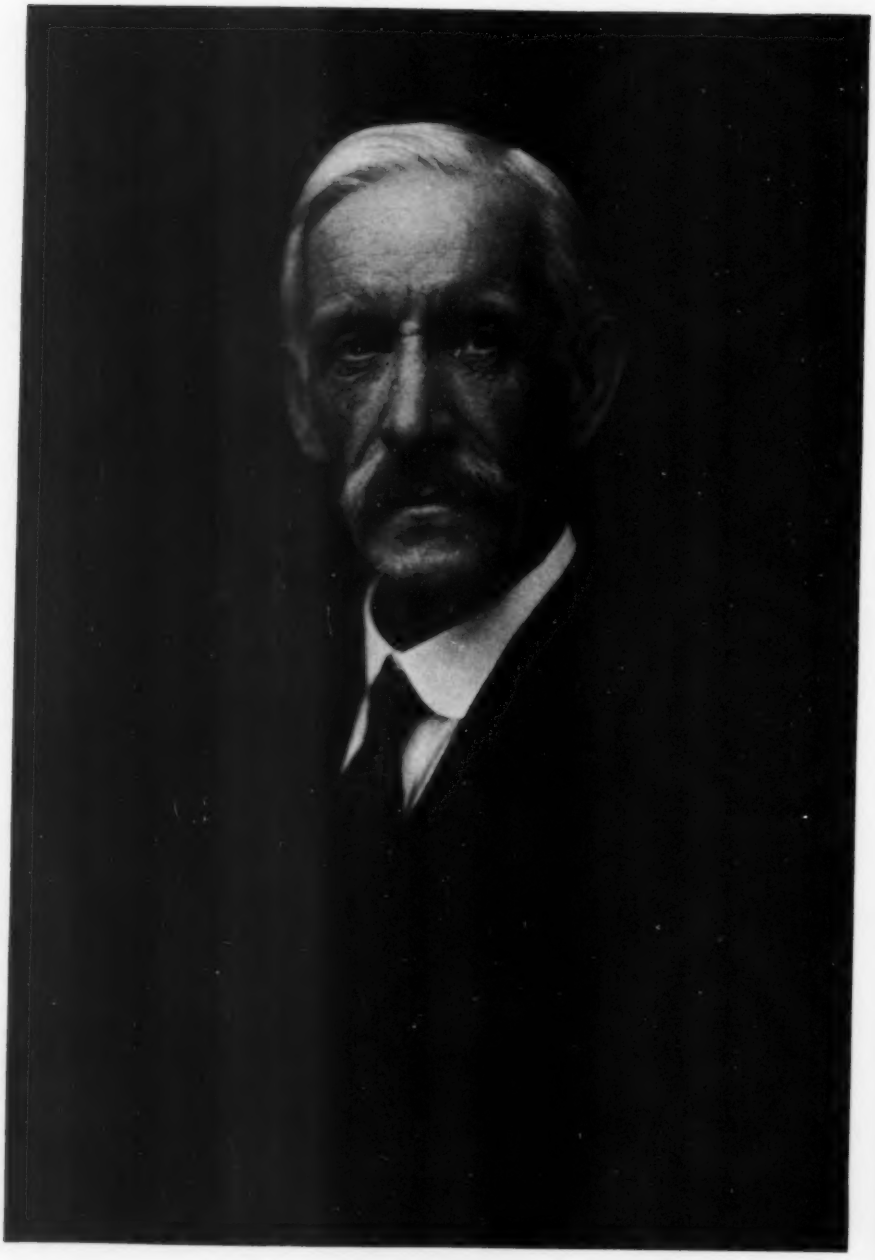
Jordan G. Lee. Experimental lathyrism produced by feeding Singletary pea (Lathyrus pusillus) seed ..... 587

D. K. Bosshardt, Winifred J. Paul and R. H. Barnes. The influence of diet composition on vitamin $B_{12}$ activity in mice. Three figures ..... 595

M. G. Vavich and A. R. Kemmerer. Factors influencing the utilization of carotene for storage of vitamin A in the rat ..... 605

M. L. Scott. Studies on the enlarged hock disorder (perosis) in turkeys. Three figures ..... 611

Joseph T. Anderson and E. S. Nasset. The utilization by the adult rat of amino acid mixtures low in leucine. One figure ..... 625

*FREDERICK GOWLAND HOPKINS*


*1861–1947*
